

CORPORATE GUIDE

Samridhhi Automations Pvt.Ltd.

सुरक्षा सरहद से घर तक

An epitome of 'Made in India' security products, Sparsh is redefining the way Indian electronic security manufacturing has evolved over the last two decades. Sparsh started its journey ~since 2002 with the vision of making India a destination for design and manufacturing of advanced security solutions, on that line Sparsh has signed an MOU with Uttarakhand govt subsidiary SIDCUL to set up an electronics manufacturing cluster (EMC) in Kashipur, District Udham Singh Nagar. The new facility will have the capacity to produce 1 million cameras per month.

Govt. Policies

Leading success story under
Make In India by
DPIIT & Ministry of Commerce and
Industry (CIM)

India's 1st CCTV Cameras
manufacturer in 2008

5-7% on R&D
Annual revenue
invested in R&D

Technical Tie Ups
With all technological/
leaders in video surveillance.

Ranked No.2 Indian
CCTV Brand (IHS
2021)

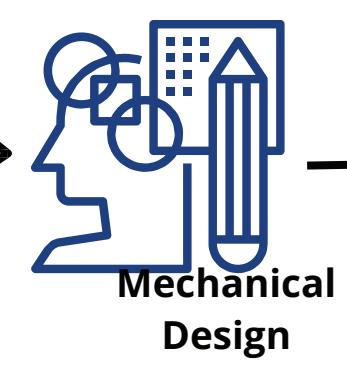

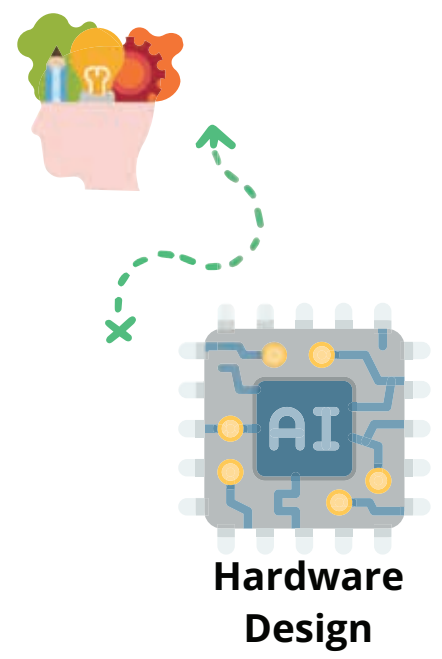

Tailor Made
Customization

CORPORATE VISION

Our vision is to improve security for all and build a comprehensive portfolio of video surveillance security solutions that serve customers globally.

From Idea

To Actuality

CORPORATE MISSION

To empower every organization and individual in the world to create a secure environment for their customers, employees and loved ones by focusing on customer-driven innovation and sustainable production. We seek to continually advance our technology, ease of use, and relenting execution to reduce cost and increase value

Sanjeev is the force behind Sparsh, 'Made in India Man' as he is fondly called in his biography published by Electronics For You is an innovator and entrepreneur by nature. Sanjeev is also the founding Chairman of SPGI (Security Promotion Group of India), Convener of Video Surveillance Committee on Indian Standards at BIS, representing India in IEC for video surveillance standards, Chair for subgroup on PPP - MII in ICTE Committee in CII, working closely with MeitY, DoT & DPIIT on electronics and telecom policy matters related to Make in India and Chairman of NoS Committee for Security Surveillance in ESSCI.

Sanjeev Sehgal
Founder & Managing Director

UNDER HIS GUIDANCE **OUR FIRSTS ARE**

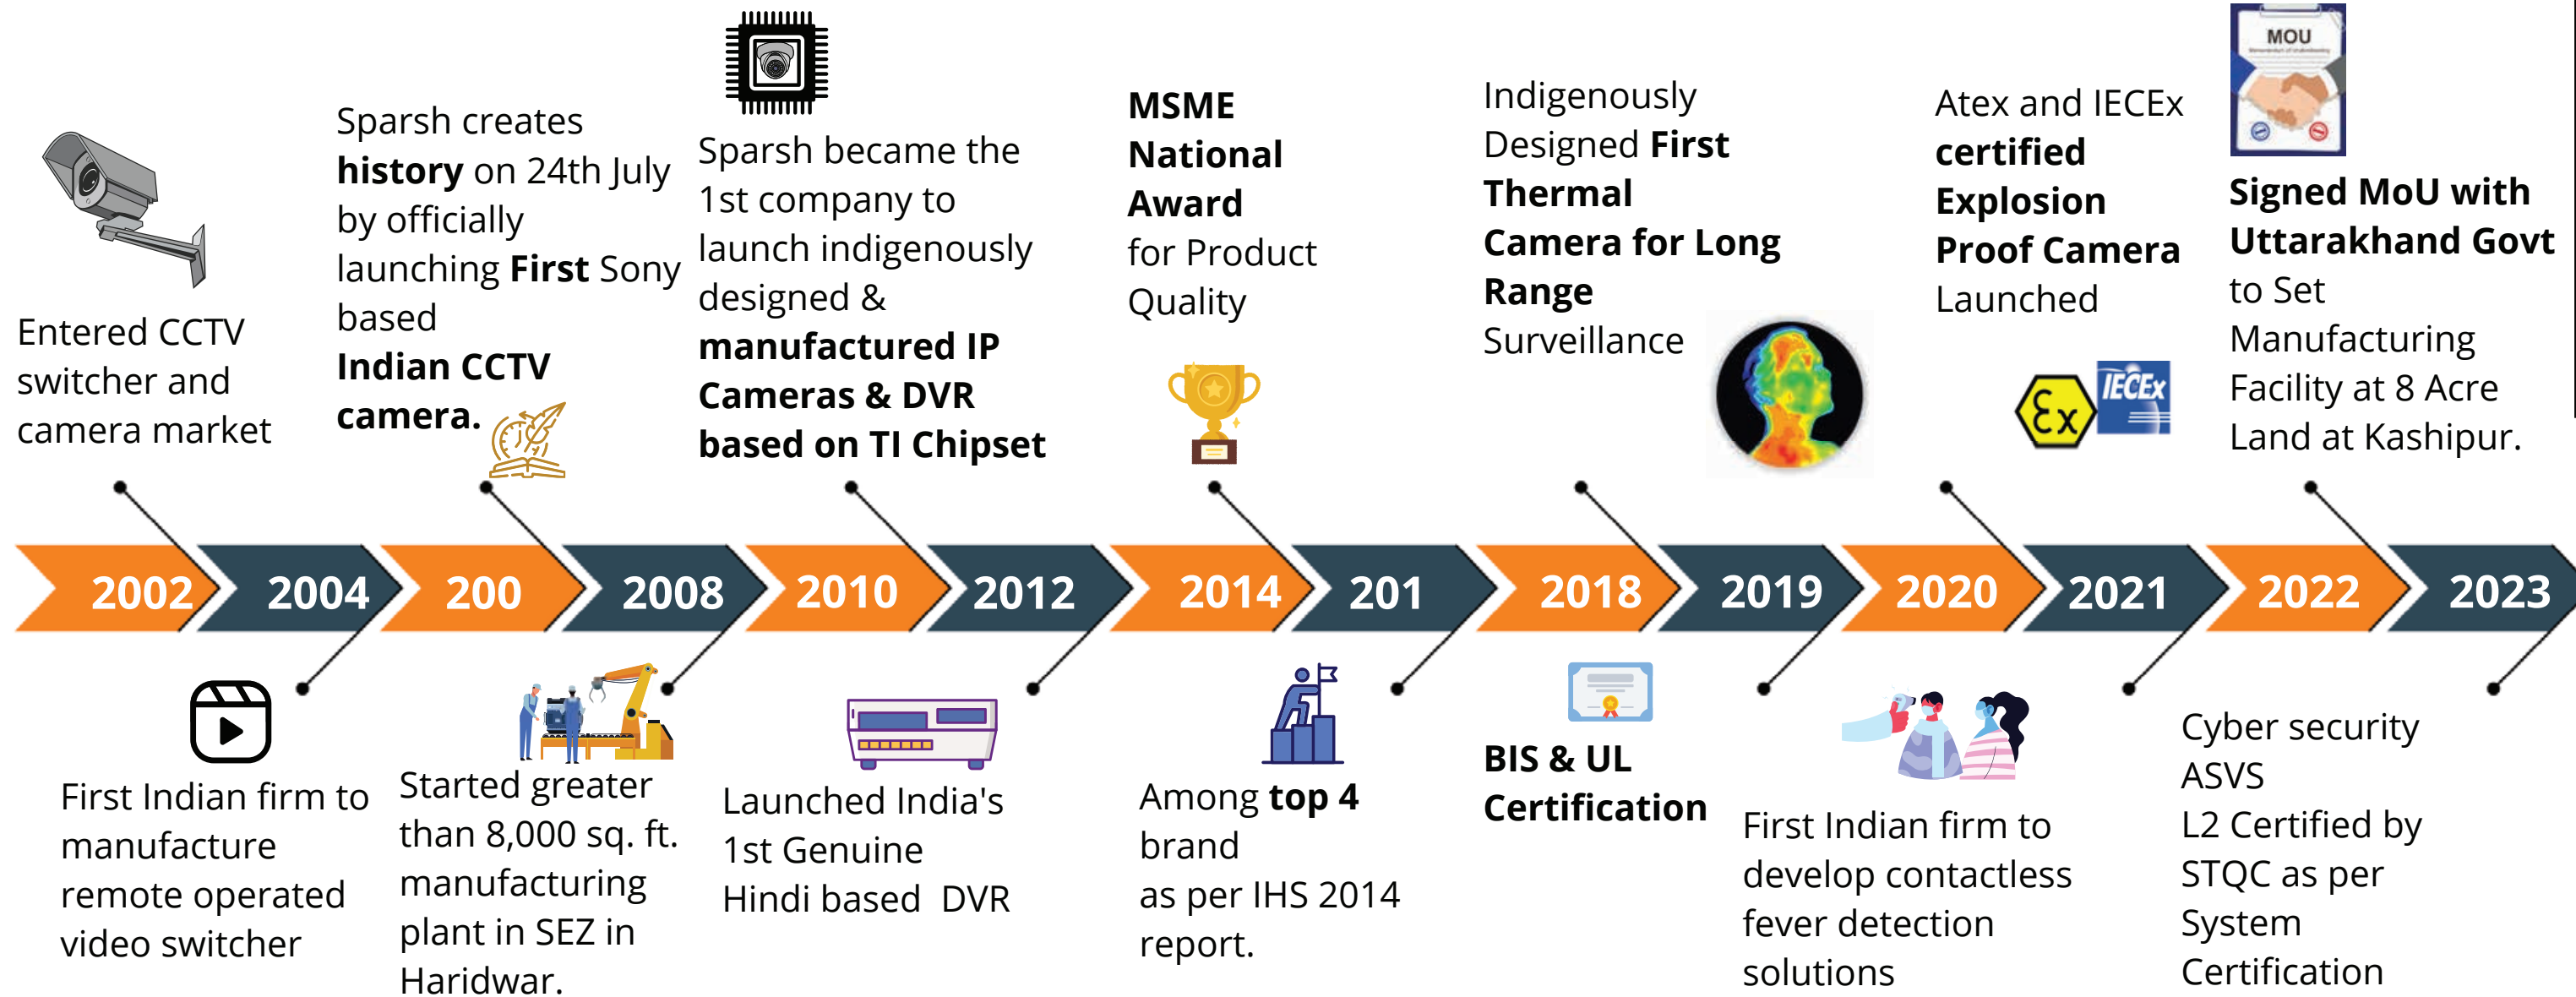

- CCTV Camera Manufacturer, 2008
- DVR in 2011
- IP Camera in 2012
- Thermal Camera 2019
- Fever Detection Camera, 2020
- Explosion Proof Camera, 2021
- 5G/4G Camera 2022
- Remote Matrix Switcher, 2002
- Caller Id, 1999
- 95 Digital Lock for Telephone
- Tea Coffee Vending Machine Controller, 2000
- 1st Medium Scale Manufacturer in India to get ZED Gold Certification , 2023

- AND MANY MORE.....

MILESTONES

Sparsh goes Global!!
Signed an MoU with to set up Manufacturing unit in Saudi Arabia

1st Indian company to get cyber security certification OWASP V4.0 L2 from **STQC based on Non-Chinese American Chipset**

Govt. recognized in-House R&D Centre by Ministry of Science & Technology

PESO Approved, Embracing Excellence in Safety
Shielding You Through Flood or Fire!

- State of the art Test Laboratory for Performance Standards of CCTV Camera. (IS16910 (part-5) 2020/ UL 2802)
- Partnership with world's top technological leaders
- Team of qualified and experienced engineers.
- Annual Capacity to manufacture over 2.5 Million CCTV products.
- Complete Eco-system for design and development of Hardware, Software and Mobile Applications.
- IPR for Camera Software
- Applied more than 5 Patents
- Copyright for Video Management System code and AI software.
- Achieved more than 70% of Domestic Value addition in cameras.
- Approved for Design Linked Incentive (DLI) scheme
- Made in India, More than 80% Camera & Recorders Molds.
- ONVIF Full Membership
- HEVC/H.265 Patent Portfolio License
- H.264/AVC Patent Portfolio License.

Box Camera with
60FPS with
Outdoor Vandal
Proof Housing

- Although the probability of having an automobile accident in a tunnel is relatively low, accidents are a constant safety hazard because every accident has much more serious consequences in a tunnel than outdoors due to the narrow space and limited emergency walkways. Cameras with corrosion proof & Blast Proof
- High Resolution Cameras for Walkways
- PTZ camera at Entry/Exit of tunnel.
- Speed Detection & ANPR Camera

Integrated RADAR ANPR Camera
- Speed up to 200 KM/h

Stainless Steel Dome Camera with 5X Motorised Lens

Stainless Steel Bullet Camera with 80 Meter Night Vision & 10X Zoom

Stainless Steel 36X PTZ Camera

TUNNELS – SUCCESS STORIES IN INDIA

- KRCL -T-06 Tunnel
- KRCL -T-40 Tunnel
- IRCON-T-77 Tunnel
- IRCON-T-78 Tunnel
- IRCON-C&C Tunnel
- IRCON-T-74R Tunnel
- IRCON-T-49 Tunnel

- IRCON-T-48 Tunnel
- IRCON-T-14 Tunnel
- IRCON-T-15 Tunnel
- IRCON Sivok – Rangpo New BG Rail Line

Intelligent Traffic Monitor is useful for:

- Traffic control and monitoring
- Traffic congestion
- Intersection monitoring
- Traffic metrics/analysis
- Current situation on the roads
- Vehicle wait periods
- Making traffic lights more intelligent
- Increasing throughput of vehicles
- Traffic/ITS Planning for cities and roadw

- Increasing throughput of vehicles
- Traffic/ITS Planning for cities and roadways

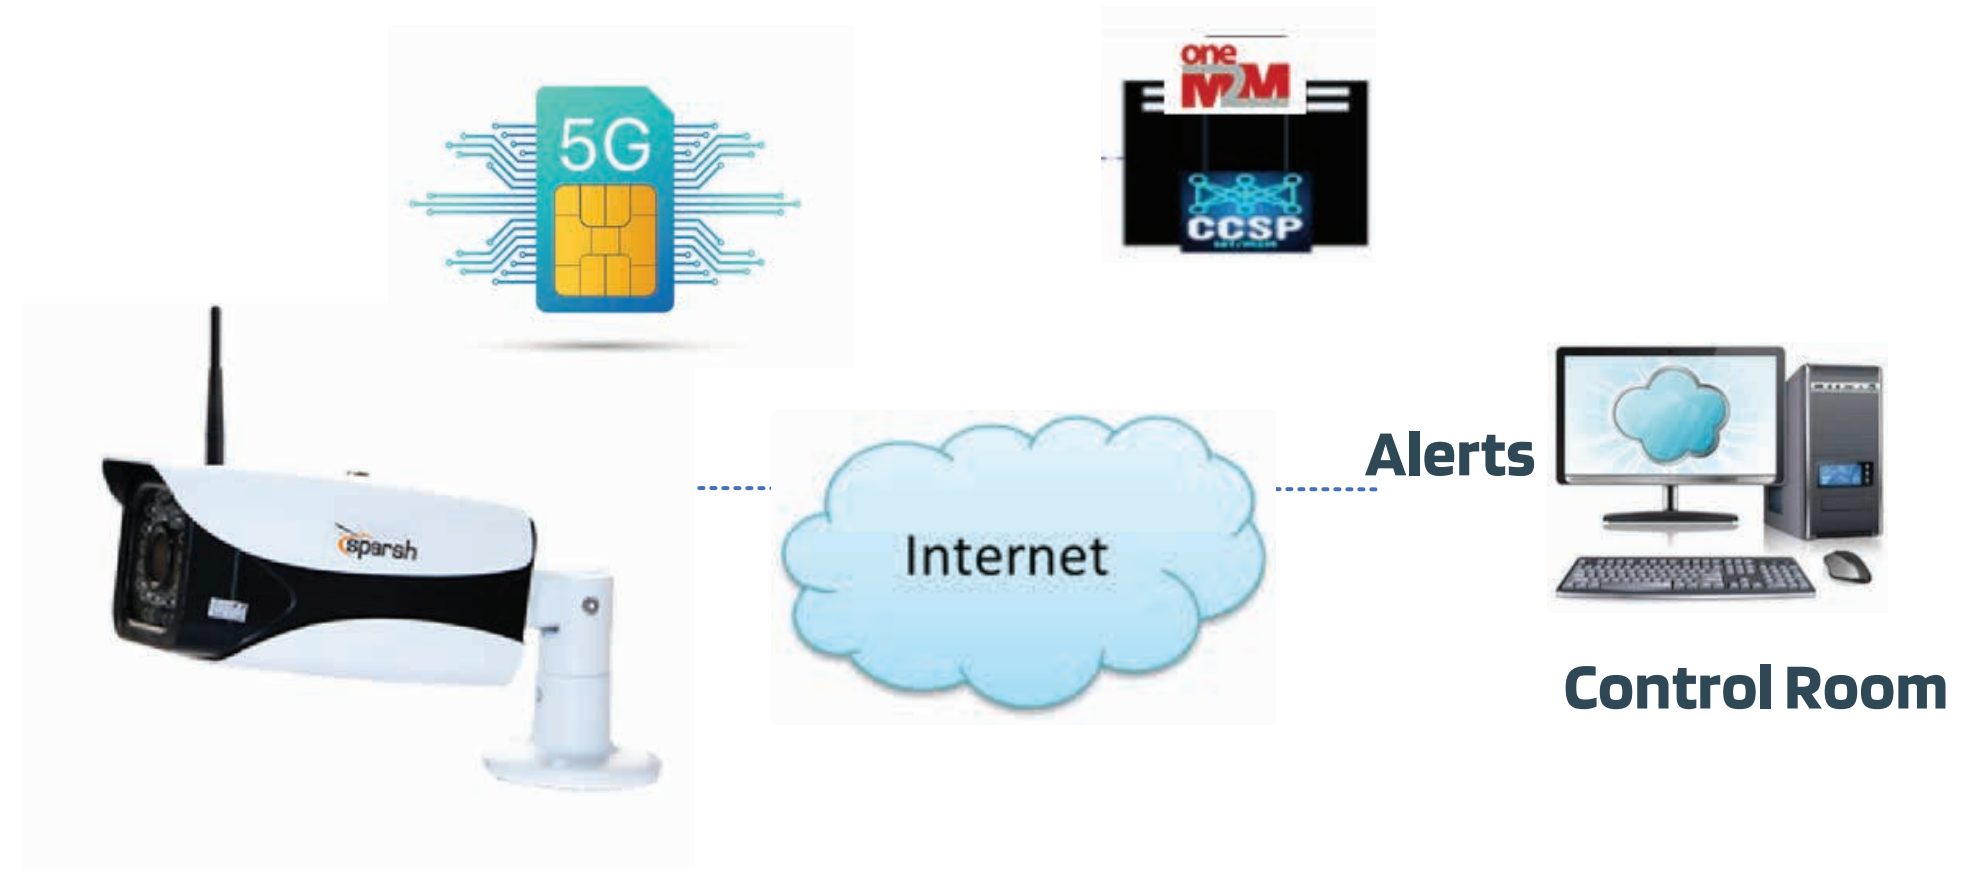

5G NETWORK READY CAMERA

It is a Next Generation camera with a perfect blend of looks and features for any security requirement. A 100% "Made in India" product with best-in-class technology, robust mechanical, cloud support and service centers all over the country.

Leveraging the high transmitted power of 5G, Sparsh 5G Camera can transmit or receive video signals over Internet wirelessly by simply powering the camera and inserting a SIM card, eliminating the need of complicated cable and fiber connections. Compared with add-on routers, the built-in 5G module enhances the mobility of its deployment, providing a reliable security solution.

Key Features:

- Resolution upto 8MP
- On Edge AI
- Lens with Optical zoom 4X/10X
- STARVIS Starlight Sensor
- 100fps for High-Speed Application
- 100m IR Distance
- **Sparsh Cloud Platform**
- **Any third Part platform can be integrated**

- Advanced Client Server Architecture
- Built-in AI Analytics Framework
- Smart Forensic Evidence
- Customizable Screen Combinations & Split
- Support Local and NAS storage
- E-Map Support
- Event Alarm Flashing Prompt

IMAGE ENHANCEMENT

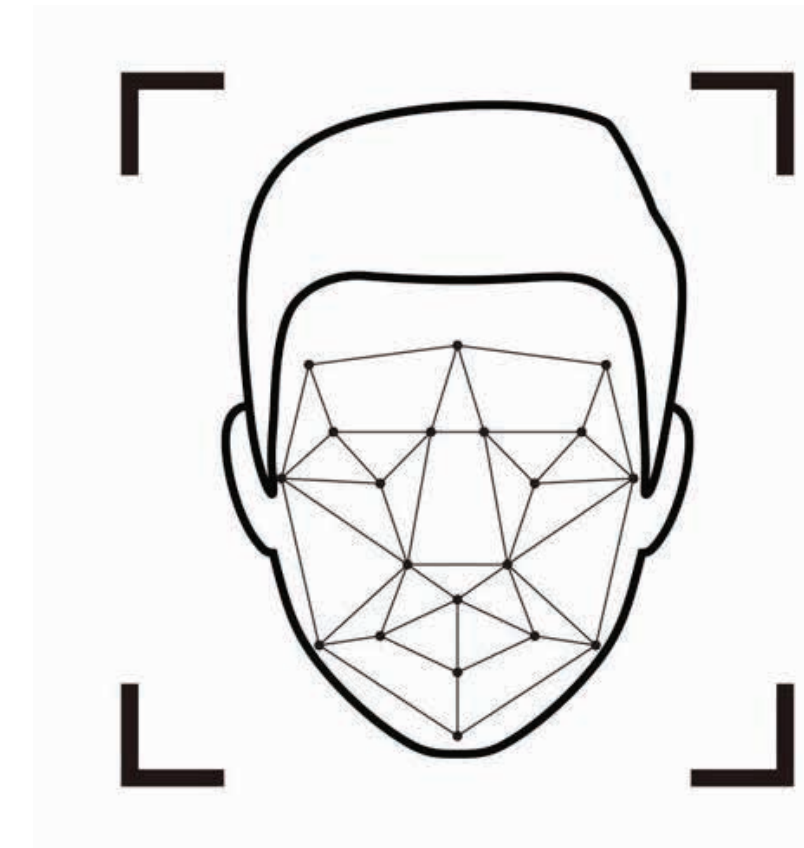

Sparsh's License Plate Recognizer is a Deep Learning and AI-based license plate detection, recognition and search solution with an accuracy as high as 98%

- Detect, recognize and search for license plates in real time or archived footage
- Enables security professionals to shortlist, target and identify "wanted/stolen/suspicious/lost" plates
- Enables automated matching against a watch list with real time alerting
- Records and logs all license plates at a scene for later forensic investigation
- Easy to deploy with a wide variety of cameras
- Improves security, increases productivity and efficiency of security professionals

Face Recognizer is an intelligent and powerful face detection, search and recognition solution. Face Detection and recognition are key tools for security professionals.

- Face Recognizer provides the following capabilities:
- Detect and log faces
- Recognize faces (with pre-registration)
- Search for similar faces from a single camera or across multiple cameras
- Detect any matches with faces on the "watch list" database and provide alerts.
